Milwaukee 12in High Tension Hacksaw

RMW48-22-0050

Details

The Milwaukee 12" High Tension Hacksaw is designed to be the most durable, highest tension hacksaw available to professional users. The reinforced metal frame is up to 5X more durable than competitors and supports up 4X higher tension. A high leverage tension knob allows users to easily reach higher tension. An overmolded handle ensures secure grip and user comfort.
