

Primex Cat6 Tool-less Jack

GIG-READY PRODUCTS FOR THE CONNECTED HOME

Primex offers **integrators and home builders** a convenient solution for Gigabit applications. Our quick and easy to install Cat6 Tool-less Jack saves time and money by eliminating individual wire punch-down. Available with 8 coloured bezels for identification, the Primex Cat6 Tool-less Jack is a stocking essential.

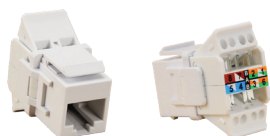

Primex works with our partners to ensure they have the products and support they need for success. Talk to your local Sales Representative today to learn more.

*Jack use with bezels requires SpeedStar™ wallplates.

CAT6 TOOL-LESS FEATURES

- ✓ 1 Gigabit performance
- ✓ No punch-down termination tool required
- ✓ Award Winning product
- ✓ 8 coloured bezels (SpeedStar™)
- ✓ Less stock in your truck
