

PMI - RETAIL PRICE LIST

Effective JUNE 16, 2022

Possession of this price list does not constitute an offer to sell. Prices are subject to change, without notice.

Updated 11-3-2022

To assist you with planning your orders or quoting bids, we added a column to the left of the item number to note which will be discontinued when we have sold out of the limited quantity we have in stock. These products are noted by: DWO beside the item number. Some may be replaced by other products, so please be sure to ask. Special Order items are noted. Which means they may not always be in stock, but we will order them for you. Minimum quantity may apply, ask Customer Service. New items are marked by NEW beside the part number and a part number in bold font.

↑ Beside a part number indicates a price increase.

↓ Beside a part number indicates a price decrease.

A Rope Part Number with ** beside it indicates the rope is not a standard in stock item. Call for availability and possible minimum order requirement.

PLEASE NOTE

*Cut rope & accessory cord of less than 30 meters in length will be charged a fee of \$1.00 per cut length in addition to price of rope or cord.

*Ropes or cords ordered per meter and webbing ordered by the cut yard are not returnable unless there is a warranty issue.

*Special order items and customer made products are not returnable unless there is a warranty issue. Quantity cannot be changed and order cannot be cancelled once confirmed.

*Due to size and weight, heavy and bulky items such as litters and tripods may be drop shipped from the manufacturer to the dealer.

*Drop shipments do not qualify for freight allowed. Call for a freight quote.***

*We do not drop ship international orders.

If you do not see what you need - call us for information and a price quote.
