

Outside Plant Conduit

Petroduct/HDPE/Corrugated

Petroduct corrugated conduit is a light weight flexible duct that may be used in various situations. Most commonly used as innerducts to create cable raceways inside of a larger duct, petroduct corrugated can also be used in aerial applications as well as many general purpose applications.

Features:

- * Made from Prime HDPE Pipe Grade Resins
- * Corrugated wall
- * Pre-installed 1100# pull tape
- * Packaged on light weight steel reels or coils
- * Available in standard colors: Black(UV), Blue, Orange, or Green. Additional colors available upon request(lead times and minimum order quantities will apply).

<u>Size</u>	<u>Part #</u>	<u>Min. I.D.</u>	<u>Nom. O.D.</u>	<u>Mean Wall</u>	<u>Weight lbs./ft</u>
1.00"	PC100	1.00	1.31	0.040	0.0903
1.25"	PC125	1.25	1.54	0.040	0.1129
